A ROYAL WELCOME

CONGREGATION OF FIRST BAPTIST CHURCH GREET NEW PASTOR.

ACTIVITY GRATIFYING

Addresses Were Made by Leaders of Various Church Departments, Indicating Great Interest.

A nearly complete representation of the First Baptist church membership and congregation was present Sunday morning at the regular church service and remained for the annual luncheon in the church parlors, where a delightful social time followed. All the services of the day, with the afternoon program, combined to make one of the best social and spiritual seasons in the history of the church, and was a propitious opening to the pastorate of the new pastor, Rev. Louis M. Hale, and a royal welcome to him and his bride in the establishment of their home here.

The subject of the morning sermon was "Our Ministry." The text is found in Mark 10:43-45, where Jesus made reply to James and John, who were naturally aspiring to a place in His kingdom, in order to keep near Him, and corrected their false ideas as to what His kingdom would be, and they found that he who would be greatest must be able to be the best servant.

The music for the day was exceptionally good. Mrs. D. J. Thomas sang "He Shall Feed His Flock," from the "Messiah," by Handel, and the choir sang a beautiful anthem by Lansing.

Miss Alma Nash's new church orchestra gave a number in the afternoon and Miss Marie Jones sang "The Peniten," by Van de Water.

Several good addresses were made after roll call, by the leaders of the various church organizations, which indicated an activity among all of them that was very gratifying.

Senator Craig made the first address, speaking in the interst of the Sunday school, of which he is superintendent. He mentioned one thing that speaks well for the earnestness of the seventeen teachers, and that is there is rarely ever one of them absent. He asked the church members present for $50, which will be used to purchase necessary equipment for work in the primary department, which is under the direction of Miss Ada Albert, and is one of the livest departments of the church.

Next Sunday will be rally day for the Sunday school, and Superintendent Craig asked a united effort on the part of all to secure a renewed interest in the study of the Bible in the Sunday school and a great attendance next Sunday morning as a beginning for better work and a larger school.

Mrs. Eugene Ogden, president of the Woman's Missionary society, spoke of the work the women are engaged in in such a way as to inspire all who heard her and make them know that the missionary spirit is absolutely necessary to real Christian living.

Mrs. Mary Owen, president of the Ladies' Aid society, brought all the women of the church still closer together in her brief review of their work that has resulted in raising $5,000 in the last four years, and she gave no hint of a resting place ahead with the $1,800 pledge for the coming year. She openly said that the Ladies' Aid society was composed of the best women in the world.

Mrs. W. A. Bailey, on behalf of the Ladies' Aid, presented a set of solid silver spoons to Mrs. J. H. Anderson in a very able manner, as a token of their love. This part of the afternoon service occasioned real regret, as both Mr. and Mrs. Anderson have been untiring workers for the past two years. They will leave this week for their new home in Wyoming. At the evening service Mr. Anderson and his little daughter, Orrel, were baptized into the fellowship of the church.

Professor Westbrook spoke of the work of the Baptist Young People's Union, and his leadership as president is bound to inspire them to better work.

F. W. Olney, the church treasurer, made a good report of this very important part of the church work.

After all had spoken, Rev. Hale gave a short talk, and surprised his hearers by telling them he did not want them to thing too much of him. That he wanted to be their leader, and that together they would follow Christ and carry on His work together successfully. But if they lost sight of the fact that they were co-workers together and began to be satisfied with following him, failure would follow.

FUNERAL ON TUESDAY.

Services for the Late M. D. Taylor to Be Held at Family Home Conducted by Rev. C. J. Miller.

The remains of M. D. Taylor, who died in Chicago Thursday, arrived in Maryville Monday morning, being accompanied by the dead man's father, Thomas Taylor of this city.

The funeral services will be held at the family home on West First street on Tuesday afternoon at 2 o'clock and will be conducted by Rev. C. J. Miller, pastor of the Christian church. Burial will take place in Miriam cemetery. The body will lie in state from 10 o'clock to 2 o'clock Tuesday.

The cause of Mr. Taylor's death was acute pneumonia. He had been in ill health since an injury he received in a railroad wreck six months ago.

Mrs. C. F. Brady, a sister of the deceased man, will be unable to attend the funeral. She resides in Fort Wayne, Ind., and is threatened with a case of typhoid fever. However, she made a trip to Chicago to see her father and her deceased brother against the wishes of her physicians.

WINNING MANY PRIZES.

C. D. Bellows' Herd Bull, Radium, is Winning—Will Be on Exhibition at St. Joseph.

C. D. Bellows purchased last spring a herd bull, Radium, which is to be delivered to him after the shows this season or some time in October. This bull has taken many prizes at the shows being held. it took first in the junior yearling class at the Nebraska state fair, also first in the junior yearling class at the Kansas state fair at Topeka, and grand champion at Topeka, beating the bull that won the grand champion at the Nebraska state fair.

The bull will be on exhibition at the interstate fair being held in St. Joseph this week.

Mr. Bellows will have two herd bulls for his Shorthorn cattle. He still has Diamond Goods, who is valued at $10,000, and then his new purchase, Radium, which has every promise of being a good one.

CONTRACT IS SIGNED.

Flights Will Sure Be Had at the Maryville Fall Festival in October.

The Commercial club board of directors signed the contract with the Curtis-Wright-Blerlot aviators of Chicago for biplane flights to be given by Roy Francis and Sky-High Irving during the Maryville fall festival, on October 8, 9 and 10. These aviators come well recommended and among the best in the country.

The horse and mule show during the festival will be for two days only, probably Wednesday and Thursday of that week.

All of the plans for the festival are being made now, and it is expected that it will be Maryville's best entertainment for her visitors.

THE RIVER IS UP.

Raised Two and a Half Feet Up to Sunday Night—Plenty of Water Now on Hand.

There is no danger of another water shortage in Maryville, at least not for some time. The river was raising Saturday and Sunday, and up to Sunday night had raised two and a half feet. There is plenty of water in the reservoirs and plenty in the river.

The new boiler is now being used. The old one will be taken up this week and another new one installed in its place.

The dam is just about completed, men working on the side ends of the dam on Monday. The concrete work is all finished.

IN POLICE COURT.

Only Five Cases of Drunkenness Up Before Mayor Robey Monday Morning.

There were five cases up before Mayor Robey Monday morning and they were all charged with drunkenness. They pleaded guilty and were fined $2 and costs, amounting to $8.10 in each case. They were as follows: A. C. Davis, R. A. Shepherd, Joe Smith, Dave Ferris and E. L. Reece.

McPherson as Elder.

Rev. Hugh C. McPherson, former pastor of the Hundley Methodist church of St. Joseph, has been appointed presiding elder of the St. Joseph district of the Southern Methodist church to succeed Dr. C. H. Briggs, who has been transferred to the southern conference. The Buchanan Street Methodist church of this city is in the St. Joseph district.

Will Study Elocution.

Miss Mabel Miller, daughter of Mr. and Mrs. Theodore Miller, left for Chicago Sunday night to attend the Columbia School of Expression.

SERVICES LARGELY ATTENDED.

Many Friends Present to Hear Words of Consolation as Touching the Death of Mrs. Roy Curfman.

The First Presbyterian church was filled to overflowing with friends Saturday afternoon, where the funeral services for Mrs. Roy Curfman took place. The pastor, Rev. S. D. Harkness, spoke with deep feeling concerning the life of the young wife and mother, who had been one of the most prominent workers of the church, and great consolation was gained from the text he used, Phil. 3-10—"That I may Know Him, and the power of His resurrection, and the fellowship of His sufferings, becoming conformed to His death."

The floral offerings were innumerable and lovely. The members of the choir had arranged their floral offerings in a beautiful manner about the organ, where Mrs. Curfman had presided so acceptably for several years. The numbers they sang were "O God, the Rock of Ages" and "O Love, That Will Not Let Me Go."

Rev. Gilbert S. Cox, pastor of the First M. E. church, sang the familiar hymn, "Lead, Kindly Light."

Interment took place in Miriam cemetery, with LeRoy Lippman, Charles Wadley, J. D. Richey, M. A. Lewis, H. T. Hooker and D. E. Hotchkin as pall bearers.

HAD FROST LAST NIGHT.

Frost was had this morning and the temperature registered 32 at 7 o'clock. Frost was had on Saturday, but it was mostly in the low places. Fair weather and warmer is the forecast for tonight and Tuesday.

KICKED BY HORSE

FLOYD DAVIS INJURED WHILE FEEDING HORSES.

CRUSHED HIS SKULL

Taken to St. Francis Hospital, Where an Inch and a Half of Bone Was Removed From His Skull.

Floyd Davis, the 11-year-old son of George Davis, drayman of his city, city, who makes his home with Mr. and Mrs. D. F. Shupe, west of Maryville, was kicked by a horse Sunday morning about 8 o'clock, when he was feeding the horses in the barn.

One of the horses kicked him on the left side of the head as he was passing behind the animal to go into the stall.

Physicians were summoned who took the boy in a car to St. Francis hospital, where an inch and a half of crushed bone was taken from his skull. He has not regained consciousness and his recovery is not yet assured. Floyd had been making his home with Mr. and Mrs. Shupe since the separation of his father and mother.

THE CREAMERY MEETING.

Fifteen Farmers in Attendance at the Meeting to Talk Over a Co-Operative Creamery.

At the meeting held late Saturday afternoon in the court house, at which fifteen farmers close to Maryville were in attendance, the co-operative creamery for Maryville was discussed, and everyone present was in favor of such an organization. Before an organization was perfected it was thought best that each one of these fifteen farmers circulate petitions in their neighborhood to find out how these farmers feel toward this proposition, and also to find out how many cows they have and how much cream they can furnish. They will also be asked to be sure to be present at a meeting to be held in the court house on Saturday, October 4, when the organization will probably be perfected for a co-operative creamery.

RESIGNED PASTORATE.

Rev. Ransford, Sent by Conference to Ravenwood and Guilford, to Take Church Near St. Louis.

Rev. Ransford, who was sent by the Southern Methodist conference to take the churches of Ravenwood and Guilford, has resigned as pastor of these churches to accept the pastorate of a church near St. Louis. Sunday was to have been his first Sunday at Ravenwood, and since he did not appear, no church services were held at the Southern Methodist church in that town. Rev. S. E. Hoover, who was pastor of these churches the last year, is now at Agency. It is not known at this time who will be sent to these places.

HOFFMAN TO OMAHA.

To Attend the Convention of the Commercial club Secretaries of the Central States.

John I. Hoffman, secretary of the Maryville Commercial club, left Monday morning for Omaha, Neb., to attend the convention of the Commercial club secretaries of Nebraska, Missouri, Iowa, Kansas, Arkansas, Colorado, Illinois and Texas. The purpose of the convention is to exchange ideas along commercial lines. The convention will be in session until Wednesday. Mr. Hoffman will return Wednesday night.

ACCIDENT AT PICKERING.

Bryan Hanna Met With Accident on Sunday Afternoon—Bullet Hit His Shoulder.

Bryan Hanna, son of John Henry Hanna of Pickering, met with an accident on Sunday afternoon about 4 o'clock. He had a 32-caliber gun with him, and he says that one of the loads fell on the cement sidewalk and exploded, the bullet hitting him in the shoulder. Physicians wer summoned and the wound dressed. It may be necessary to operate. The boy is 19 years old.

AS A BOARD OF APPEALS.

County Court in Session Monday as Board—Only One Appeared Before Them.

The members of the county court, with County Surveyor Joseph Reese and Deputy Sheriff Callahan met Monday as a board of appeals. Only one appeared before them and that was William Ritchey of Conception Junction. His assessment was reduced from $1,200 to $1,000.

PASSED FIVE HUNDRED MARK.

Attendance on Rally Day at First M. E. Church Went Beyond Expectations—Little Folks Pleased.

The effort to have 500 in attendance at Sunday school at the First M. E. church Sunday morning was more than realized, as 522 were in classes at 9:30 a. m. and took part in the study of the lesson, and the pastor, Rev. G. S. Cox, was happy. Many visitors came later. The primary and cradle roll departments attracted the greatest number of visitors. The work done with the wee people is really remarkable and is deserving of the attention being given it.

A home department was started with fifteen members. It is expected that this will be a large work for this department of the Sunday school as there are many who are unable to attend, the shut-ins from sickness or old age. This work will be under the care of Miss Jane Barrow, deaconess, who has recently been secured to assist in the pastoral work.

The day was the anniversary of the death of Rev. Dr. J. S. Ford, the late lamented pastor who died suddenly a year ago when he had reached the parsonage after preaching one of the strongest sermons ever heard in that church, which was a plea for enlarged Christian work in Maryville, outlining a federated movement on the part of all the churches for the betterment of Maryville.

Dr. Ford was succeeded to the pastorate of the church on the second Sunday in October following, and the suggestions he gave for better and more consecrated work on the part of the membership has been carried out to a great extent under the leadership of the young pastor who succeeded him.

At the close of the Sunday school hour Rev. Cox spoke of the anniversary and of the beloved man whose mantle had fallen upon him, closing with a prayer of praise and thankfulness for Dr. Ford's life and ministry in our city, where he was reverenced by all.

The average attendance at Sunday school a year ago was 245. The average the year now closing has been 305, not counting the attendance at the rally Sunday. The cradle roll has increased its membership from 17 to 36. The missionary collections have increased from $91 to $136, and children's day collections from $14 to $30.

The organization of the Methodist Brotherhood has been a great stimulus to the church with its membership of fifty-five men.

All the services during the day betokened a steadily increasing work among the people of the church and congregation.

The rally of the King's Heraids was well attended and there were quite a number of visitors. This organization of children is soon to be divided in two, the younger children to remain in the King's Heralds and the older children to constitute the Standard Bearers. The King's Heralds have contributed $15 to missionary work the past year.

Leonard Carstens, the young son of Mr. and Mrs. J. H. Carstens of this city, while picking nuts at the Hastings pasture Saturday afternoon, sustained a broken leg when a limb of the tree broke and fell with him. The leg was broken just above the ankle. He was carried to his home by his companions and a physician summoned.

Will Preach in Arkoe.

Abner Johnson will preach next Sunday at the Christian church in Arkoe. A good attendance of the membership is desired.

TO PREVENT FIRE

OCTOBER 9 WAS SET ASIDE FOR THIS PURPOSE.

REDUCE FIRE HAZARD

Proclamation Issued by Acting Governor Painter Contains Many Good Suggestions.

Acting Governor Painter joined Saturday in a nation-wide movement to reduce preventable fire waste, which would incidentally reduce fire insurance rates, when he issued a proclamation designating October 9, the anniversary of the disastrous Chicago fire, as "state fire prevention day," and calling upon the people to take precautionary steps to prevent fires which arise from defective flues, electric wiring, inflammable rubbish, etc.

Attention is directed by Governor Painter in his proclamation to the enormous fire waste in Missouri last year as shown by statistics obtained from the state insurance superintendent. These statistics indicate that $5,838,250 worth of insured property was destroyed by fire in 1912. The total fire waste, including insured and uninsured property, aggregated $9,000,000, according to estimates.

The proclamation is accompanied by a number of suggestions which, if carried out, would greatly reduce fire hazard in Missouri. The question of reducing fire waste is peculiarly of interest to the people of Missouri because of the rebellion of the big fire insurance companies last summer which left the state without means of getting adequate insurance for a period of more than two months. These companies quit business because they claimed they were unable on account of the enormous fire loss in Missouri to write insurance profitably at the rates permitted to be charged. This situation was adjusted and the companies resumed business. A commission to investigate the rating situation in Missouri and to suggest changes in the present laws will be appointed by Governor Major.

State Insurance Superintendent Revelle and his predecessor, Frank Blake, called attention in their reports to the enormous fire waste due to preventable fires. Half of all fires, they estimated, are preventable.

Following is Governor Painter's suggestions for the reduction of fire losses in Missouri:

Supplies of matches should be kept in metal boxes and out of the reach of children. As matches generally are dangerous and are the cause of a large number of fires, it is recommended that only safety matches be used.

Where lamps are used they should not be filled by artificial light or after dark.

Coal oil should be kept in metal cans and only in small quantities and in a safe place.

No oily rags should be left around the premises outside of a good metal receptacle.

Gas brackets should have wire globes where there is danger of window curtains being blown into the flame.

All flues and chimneys should be examined carefully by competent persons before the fires are started in the fall.

All furnaces or heating apparatus should be inspected by competent persons before winter fires are started, and the danger of fires being started therefrom should be carefully safeguarded.

All scraps, litter, excelsior and paper should be placed in metal receptacles.

All ashes should be kept in metal receptacles.

Gasoline should not be kept about the premises, except in small quantities, and then only in airtight metal receptacles. Barrels, casks, packages or cans containing gasoline, benzine and other kindred high explosives should be painted red and labeled as required by the act of 1913, p. 377.

Cotton batting and other flimsy decorations or candles should not be used on Christmas trees or for other ornamentation.

Careful attention should be given to heating, lighting and power plants and any defect in connection therewith speedily remedied. The frequent inspection of electric wiring is expe-

Planned for Rummage Sale.

The Young Ladies' Mission Circle of the First Baptist church made plans for its fall rummage sale, the first week in October, at its meeting Saturday afternoon, at the home of Mrs. Ellis Cook. The new president, Mrs. G. B. Roseberry, presided during the opening of the meeting, and gave a talk on some of the things hoped for the coming year. Mrs. Albert Swann was the leader of the study of the lesson on India. Mrs. Edward Egley told of the country and its people. Mrs. Harry Todd told of the Zenona work in Nahoba. Mrs. Byron Frost read a paper on some of India's homes. Miss Edith Boyer gave a reading and Miss Marie Reuillard a piano solo, which closed the program. This meeting was the last one for the pastor's wife, Mrs. Claude J. Miller, who leaves next week for her new home in Greeley, Col. She was presented a bouquet of flowers as a token of the love and esteem of the Circle and good wishes for the future. The hostess served a nice luncheon during the social hour.

WE WANT TO SHOW YOU

The Best Range

—It Is All-Ways Preferable

THIS range has ***many*** Points of Advantage over other ranges, but ***one*** of these points is enough to sell it. It is the only Malleable Range made with Patented Keystone Copper-Bearing ***Aluminum-Fused*** Flues. This metal will resist rust and corrosion better than any oher metal known, and this metal is the only Malleable Range in which have the exclusive right to use it for insulating the inside flues of Malleable Ranges.

The SOUTH BEND Malleable Range *All-ways* Preferable

In order that you may see the range and learn all about it, WE HAVE ARRANGED FOR A DEMONSTRATION IN OUR STORE WEEK OF SEPT. 29 to OCT. 4. We want you to come because we want to sell you The Best Range on Earth.

If you buy during that week we will make you a present

of a set of High Grade Pure Aluminum Cooking Ware. This offer is for that week only.

You will buy THE SOUTH BEND MALLEABLE some day, because you want the best cooking range; the best baker; a range that will consume the smallest amount of fuel and the most durable. Be sure and come.

North Side Hardware — Maryville, Missouri

Entertained for Brother.

Mr. and Mrs. S. H. Townsend gave a 6 o'clock dinner Saturday evening complimentary to Mr. Townsend's brother, Judge R. K. Townsend, and Mrs. Townsend of McAlester, Okla. The company included relatives, who were Judge and Mrs. Townsend, Mr. and Mrs. Edward L. Townsend, Mr. and Mrs. C. D. Hooker, Mr. and Mrs. Hal T. Hooker and daughter, and Mrs. J. N. Manley.

Address to Club Women.

Miss Louella Read of Shenandoah, Ia., who is a graduate of the University of Berlin and extensively traveled over Europe, will be present and talk to the Twentieth Century club Tuesday afternoon, which meets with Mrs. G. H. Colbert Tuesday afternoon. It is an open meeting of the club and all are urged to be present and enjoy a social hour.

Has Purchased a Cadillac.

S. H. Kemp, cashier of the Farmers Trust company, has purchased a seven passenger 1914 Cadillac car of Sewell & Carter of this city. The new car will be received this week. Mr. Kemp is the third officer in that bank to buy 1914 Cadillac car, George L. Wilfley and W. C. Pierce having this design earlier in the summer.

Mr. Kemp sent back last week the wreck of his Overland auto to Kansas City, through Sewell & Carter of this city.

Are Visiting Here.

Mr. and Mrs. Eugene L. Graves of Muskogee, Okla., are visiting in the city with Mr. Graves' mother, Mrs. Henry Graves, and Mrs. Tom Wiles. They were accompanied by Mrs. Margaret Rimel, who will visit in the city with Mrs. Wiles and with relatives at Guilford for several weeks. Mr. and Mrs. Graves will visit in Chicago before their return home.

Adelbert McMillen of Pickering left Monday for Albany, N. Y., where he will attend school the coming year. He went by the way of St. Louis and Chicago.

A marriage license was issued Monday to Guy R. Murray and Gladys Nedrow, both of Maitland.

Appointed Administrator.

Harvey M. Pope was appointed administrator with will annexed of the estate of Sarah E. Pope by Probate Judge Conn.

Miss Mettie Carr of Kansas City, who has been visiting at the home of Mr. and Mrs. Albert Carr, south of Maryville, returned home Monday.

Returned to Colorado.

Dr. George Curfman of Salida, Col., who was called to Maryville last week by the death of the wife of his brother, J. Roy Curfman, left for his home Sunday morning. He was accompanied by his mother, Mrs. John Curfman, who will spend a few weeks in his home, where a daughter, her namesake, came recently.

Special Demonstration and Sale
GREAT MAJESTIC RANGES

ONE WEEK ONLY **Monday, Sept. 22, to Saturday, Sept. 27** ONE WEEK ONLY

SAVE $8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (price always the same) we will give free one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than $8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

WHICH SHALL IT BE?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?

You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

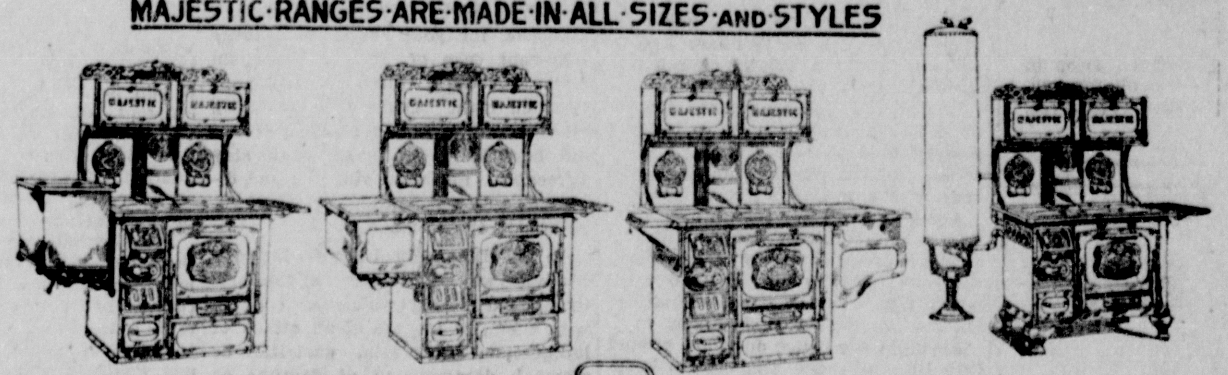
Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic MALLEABLE AND CHARCOAL IRON **Range**

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen;" you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 200 per cent stronger than other ranges where most ranges are weakest.

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES



ON LEGS IF DESIRED

CHILDREN SOUVENIR DAY

150 MAJESTIC BIRDS FREE Monday, between 3 and 5 p. m.

The first 150 boys and girls who present to THE MAJESTIC RANGE SALESMAN at our store, between 3 and 5 p. m. MONDAY, written answers to the following questions, will receive a "Canary Bird Souvenir" FREE.

1—What range is your mother now using?
2—Do you know anyone needing a new range? Who?
3—Why is the GREAT MAJESTIC the most durable range made?

50-cent Article FREE

The one giving neatest and best answer to the last question may select any 50-cent article from our stock, in additon to the SOUVENIR.

Don't be discouraged if you are not one of the 150 to get a Canary Bird Souvenir. You will get a MAJESTIC PUZZLE CARD. Something for all the boys and girls.

You can have worlds of fun with the MAJESTIC BIRD—it imitates the canary to perfection.

Be sure to have your answers ready to hand in at our store MONDAY AFTERNOON, between 3 and 5.

SPECIAL

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the MAJESTIC is the best range on earth at any price.

Come, If You Intend to Buy or Not

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

DON'T OVERLOOK THE DATE. THIS IS A SPECIAL INVITATION TO YOU AND YOUR FRIENDS AND NEIGHBORS

cially important.

It is advisable to have on hand at all times, conveniently located, fire extinguishers. Several kinds of liquid fire extinguishers have been approved by the National Underwriters' association and care should be used to get one that has been tested and found reliable. All fires could be easily suppressed at the start with a chemical extinguisher.

In factories where a considerable number of employes work, and in schools and other public buildings where people congregate, printed rules should be displayed, giving directions for necessary precautions against fire, and as to methods of escape from buildings in case of fire, and proper drills should be given at regular intervals.

The burning of rubbish, except under proper public regulation in cities and towns, should be prohibited.

All unnecessary openings in buildings should be closed, and all inflammable material around openings removed.

The advisability of cities and towns enacting ordinances calculated to secure the construction of fire resisting buildings and the installation of proper fire escapes is recommended.

All city and town authorities should rigidly inspect moving picture show buildings, and require that a sufficient number of exits be provided, and that there be an ample supply of fire extinguishers available at all times.

Daughter and Son Deaf and Dumb.

Manchester, Sept. 22.—Relatives of the queen of Spain have been shocked by the news that the second daughter of the queen, Princess second son, will be both deaf and dumb.

We have an opening in this office for a bright boy of 15 or 16 years at small wages to start, but with increased pay as his efficiency warrants. He will be given an opportunity to learn a trade where the efficient mechanic is ever in demand at wages that the clerk, the stengrapher, bookkeeper or average school teacher cannot hope to command. The application, education and ability that will put a boy in the front rank in any of the professions mentioned above will make of him a mechanic that need never fear lack of employment. The opportunities for the above-the-average boy are greater in the printing business than in any of the ordinary avocations of life. The greatest demand for employees in America today is for the skilled mechanic. The boy who has passed the grades stands a better show in the printing business than he does in any mercantile line.

ANOTHER TRIUMPH.

What Dr. J. B. Murphy of Chicago Says About Scarlet Fever.

Every mother and father of young children will hear with something more than interest the statement made by Dr. J. B. Murphy of Chicago that he brings back from Europe the news that scarlet fever can be freed of contagiousness. So high is Dr. Murphy's rank among physicians that his announcement will be accepted throughout the medical profession as one made after sufficient investigation to warrant confidence little less than certainty that he is not mistaken.

Scarlet fever is a somewhat mysterious, as well as a most terrible, malady, for though there is every reason to believe that it is of bacterial origin, its germ has never been isolated. Not only are its victims in serious danger of death from its direct consequences, but, if they survive these, only too often they suffer through life from grave physical or mental incapacities. It numbers among the most contagious of the fevers, and every case of it is therefore a public danger.

The spreading of the disease is what Dr. Murphy says can be stopped, and by the very simple expedient of daily inunctions of oil of eucalyptus. This is a well known germicide of the milder sort, and would hardly be expected to be efficient for the purpose, but the question is one of fact, not of expectation. If it meets the pragmatic test—if it works, that is—scarlet fever ought soon to be conquered, not by cure, but by prevention, which is vastly better.

You Won't Find Happiness by Chasing It.

In the October Woman's Home Companion Charles E. Jefferson, pastor of the Broadway tabernacle, New York City, writes about "A Good Time." Following is an extract:

"A good time does not depend on place. There are those who are always certain that they would be happy if they were only somewhere else than where they are. They are ever wanting to go somewhere. Their present environment never satisfies. If they were in another house, or in another position, or in another city, then all would be well. They do not know that happiness comes from one's state, and not from one's station. It flows from one's condition, and not from one's situation. It depends upon character, and not upon surroundings. A woman who is fussy in a cottage will be fussier in a mansion. A man who is disgruntled in a village will not be better humored in a city. The poet who wished he had the wings of a dove so that he could fly away was not unlike the rest of us when we get foolish.

"Many would have a good time if they did not postpone it. They build their castles in next year. It is not until they reach a certain point, finish a certain course, amass a certain amount of money, secure a certain honor, settle a certain problem, complete a certain task, that they think it possible to settle down and begin to enjoy life. Their good time is always coming. It never arrives. He who is not master of today need not expect to make a conquest of tomorrow. 'It is too bad he had to die, fr he had just gotten ready to live,' so I heard his neighbors say of a man who had died at the age of 60. What he had been doing through all his sixty years I do not know."

MURPHY MAY BE FORCED TO TESTIFY

Tammany Leader May Take Witness Stand in Sulzer Trial.

Albany, N. Y., Sept. 22.—Charles F. Murphy, leader of Tammany Hall, whom Governor Sulzer accuses of having instigated his impeachment, will be forced to take the witness stand practically in his own defense before the impeachment trial is over, in the opinion of the governor's close friends.

They say the governor will take the stand and that his story will compel the attorneys for the impeachment managers to call the Tammany leader. Friends profess to know that no influence can prevent him from testifying in event the constitutional objections raised by his attorneys to prevent the case from coming to trial are overruled.

At the time of the governor's so called break with Murphy last June, the governor publicly charged that the Tammany leader was "behind a conspiracy to blacken my character because I refused to do his bidding."

THICK CLOTHING FOR WOMEN

W. C. T. U. of Kansas City Wants Wants Body Better Covered.

Kansas City, Sept. 22.—"Resolved, That we use all of our concentrated powers to bring about a different style in dress and that we recommend more fullness in the skirts and more clothing on the body."

This was the succinct resolution passed at the convention of the W. C. T. U. of the Kansas City district in a session largely devoted to the question of "why men go wrong."

According to the opinion of Mrs. Fannie L. Taylor, president of the district organization, voiced before the convention, tight skirts with X-ray qualities have much to do with men's morals.

Strikers Score Court Injunction.

Calumet, Mich., Sept. 22.—The injunction granted by Circuit Judge O'Brien, prohibiting picketing and parading by copper mine strikers, while workmen are going to or coming from work, and interference in any way with workmen, was roundly scored at a mass meeting of strikers here.

Convention Takes "Movie Tour."

Chicago, Sept. 22.—Delegates to the International Refrigeration congress took a moving picture tour of the west. Scientific discussion of the problems of refrigeration were put aside and the delegates attended a special picture show portraying California and San Francisco.

Denies Daughter Is Engaged.

Portland, Ore., Sept. 22.—From his summer residence on Eagle island, Rear Admiral Robert E. Peary issued a denial of the reported engagement of his daughter, Miss Marie Peary, to Donald MacMillan, the Arctic explorer, who is now on his way to the far north.

Grenfell to Be Best Man.

Philadelphia, Sept. 22.—Dr. Wilfred T. Grenfell, head of the Labrador mission for deep sea fishermen, will act as best man for Francis B. Sayre when he is married to the president's daughter, Miss Jessie Wilson, at the White House on Nov. 25, it is said.

FUNERAL OF MAYOR GAYNOR

Public Services Are Held in Old Trinity Church.

THOUSANDS PASS BY HIS BIER

Masses March Through Flower-Filled Rotunda of City Hall as Body Lies in State—Affection for Deceased Executive Shown by Mourners.

New York, Sept. 22.—The public funeral ceremonies for William J. Gaynor were held at Trinity church this morning.

In a double line that never seemed to decrease in length, thousands of persons filed through the flower-filled rotunda of the city hall and past the body of Mayor Gaynor, lying in state.

About a fifth of the crowd were women and children. Mayor Kline issued an order to keep the rotunda open all night so that all who came might pay their personal tribute to the memory of his predecessor.

All night the police on guard around City Hall park had difficulty in keeping the crowds moving, as many tried even at an inordinately early hour to get in line to view the body. Three policemen and three firemen in reliefs of a half hour stood rigidly at attention during the night beside the coffin, which was draped in the Stars and Stripes and the mayor's flag, while beneath could be seen the colors of the Union Jack, placed there at the request of the Gaynor family in recognition of the courtesy extended by the city of Liverpool.

The bier rested on the same spot where the bodies of many famous men have lain in state.

Pathos During March.

Pathetic incidents were numerous during the day as men and women whom the late mayor had befriended looked upon his face. Among these was a Brooklyn youth, whose part Mayor Gaynor took when it was alleged he was being persecuted by the police and which resulted in an investigation and also the removal of the boy's picture from the rogue's gallery.

An old lady was heard to murmur: "God rest his soul" as she paused beside the coffin. She explained that Mayor Gaynor's order closing the saloons at 1 o'clock had saved her boy from evil companions with whom he loafed in these places. Two aged women, who hobbled into the city hall on crutches, delayed the line several seconds as they said a prayer.

POLICE PROTECT CATHEDRAL

Los Angeles Authorities Get Busy Upon Getting Dynamite Threat.

Los Angeles, Sept. 22.—St. Viviana's Roman Catholic cathedral was guarded by police against its threatened destruction by dynamite. A warning placed in the hands of the police linked the threat with various other attempted or successful dynamite outrages here.

The unnamed writer of a letter, announcing that he had made the recent attempt on the life of General Harrison Gray Otis, said that he would visit the cathedral. He said that he might, if so inclined, blow up the building. Then, he said, he might visit the Los Angeles Times building, erected on the ground where the old Times building was destroyed by dynamite three years ago.

Granting the truth of the writer's declaration that he had sent General Otis, publisher of the Times, the dynamite bomb through the mails last week, the police were inclined to the theory that they had to deal with a lunatic.

Thomson Prods McReynolds.

Washington, Sept. 22.—Allegations that the government's case against the Southern Pacific Railroad company for the recovery of oil lands, valued at hundreds of millions of dollars, has been "so handled by the department of justice as to be most advantageous to the Southern Pacific Railroad company," are contained in a resolution which Representative Charles M. Thomson, Progressive, of Illinois, announced he would introduce in the house today.

Warmer Weather, Then Big Change.

Washington, Sept. 22.—Fair weather generally for the entire country is promised by the weather bureau for this week. It will be warmer early in the week west of the Mississippi river, and there is present indication of decided changes over the west during the second half of the week.

Airman Turns Somersault in Biplane.

Douai, France, Sept. 22.—The feat of turning a somersault in the air with an aeroplane in imitation of the recent performance of Aviator Pegoud, was carried out here by Pierre Chanteloup, a French airman, flying in a biplane.

Mrs. Brokaw Granted Divorce.

New York, Sept. 22.—An interlocutory decree of divorce was granted by the supreme court in favor of Mary Blair Brokaw and against W. Gould Brokaw, the millionaire. Mrs. Brokaw will get $15,000 a year alimony.

Frost at Pierre.

Pierre, S. D., Sept. 22.—The first white frost of the season came last night. Corn was all out of the way and no injury resulted, except to tender vegetation.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.—Advertisement.

TRAMP KILLS ROCK ISLAND CONDUCTOR

Man Found Under Car Shoots Trainman and Robs Body.

Limon, Colo., Sept. 22.—Samuel E. Marts of Limon, a Rock Island railroad freight conductor, was shot and killed by an unidentified tramp, who previously had held up and robbed Brakeman Reed of Marts' train and who now is a fugitive before posses of deputy sheriffs.

When the freight train stopped on the sidetrack to permit the passage of a passenger train, Norman D. Reed, the brakeman, discovered a man beneath one of the cars and ordered him to get out. The tramp answered the order by coming toward the brakeman with a drawn revolver and took from Reed a gold watch, $3 in coin and a pay check for $100.

As quickly as possible Reed called for help and, with Conductor Marts, started across the prairie after the robber. Near a lone tree they lost track of the fugitive. Marts returned with his lantern to the tree and discovered the robber hiding there. His order to surrender was answered by a shot and Marts fell fatally wounded.

HUERTA WILL KEEP HANDS OFF

Says Political Parties in Mexico Will Be Unhampered.

TO COMPLY WITH OBLIGATIONS

Declares It Would Be Anomaly for Government to Have Candidate for Presidency—Promises Guard of Soldiers at Polls.

Mexico City, Sept. 22.—"Not only would it be an anomaly that the government should have a candidate, but it can be further said that the government has no predilection for nor will it aid any candidate."

In these words, Provisional President Huerta replied to the question whether he favored any candidate in the coming presidential elections.

President Huerta explained the attitude which the administration would maintain as "one of absolute impartiality," and added that it would only take precautions to prevent any disturbance of public peace and order, and would suppress any effort in that direction.

The president said he would use the army, if necessary, to keep order.

"I want to declare once for all in the face of the whole nation," said General Huerta, "that I shall comply with the obligations I have assumed. These have for their basis peace and the security of the republic, leaving always complete freedom to the divers political parties to launch candidates and do their work toward carrying to a happy conclusion their ideas, without aid or impediment from the government."

Says Meaning Is Plain.

Washington, Sept. 22.—Administration officials here regard the statement made by Provisional President Huerta that "it would be an anomaly for the government to have a candidate" as tantamount to a declaration that he would not be a candidate himself in the coming elections.

MURDERER CONFESSES DEED

Man Held in Philadelphia Killed Woman in Rochester.

Philadelphia, Sept. 22.—The identity of the perpetrator of the brutal murder of Anna Catherine Schumacher in Holy Sepulcher cemetery in Rochester on Aug. 7, 1909, was established here, it is believed, when Jacob Wolfsohn, arrested for larceny, confessed to having committed the deed.

HAS CLOSE CALL IN ICE

Revenue Cutter Bear Narrowly Escapes Destruction in Arctic.

Washington, Sept. 22.—The revenue cutter Bear, moored to a menacing iceberg and completely wedged in by heavy floes of ice drifting in a swirling current toward the North pole, narrowly escaped destruction on its annual cruise from Nome to Point Barrow, Alaska.

"No apparent damage was done to the vessel in the pack," reported Captain Ballinger, "but it encountered tremendous swirls of the current and narrowly escaped destruction against the ground ice four or five miles north of Point Barrow. It was entirely unmanageable and its situation seemed very critical. It finally drifted broadside between two heavily grounded bergs, with but a few feet to spare at either end, and was worked around into clear water and anchored to the eastward of the point."

The parcel post has found its way to Alaska, Captain Ballinger reporting that the new mail service is being utilized by the natives in sending fox skins to Seattle.

SCHMIDT PUZZLES ALIENIST

Dr. Scholer Undecided After Examining Slayer-Priest.

New York, Sept. 22.—Apparently much against his will, Hans Schmidt, the priest who murdered Anna Aumuller, planned other murders and equipped a counterfeiting plant, was examined by an alienist—Dr. Gustave Scholer, neurologist at the Washington Heights hospital. At the end of an hour's interview with the prisoner, Dr. Scholer said he was not prepared to call Schmidt an insane man.

Packers' President Sees Meat Soaring.

Chicago, Sept. 22.—Unless there is an increase in the meat production in the United States in the next ten years, porterhouse steak will be selling at more than $1 a pound, according to Gustav Bischoff of St. Louis, president of American Meat Packers association, which began its annual meeting here today.

Eleven Lawyers to Aid Thaw in Fight.

Concord, N. H., Sept. 22.—Eleven lawyers from four states and the Dominion of Canada are in Concord and more are supposed to be on the way here to help Harry K. Thaw resist the efforts of the state of New York to obtain his return to the Matteawan asylum.

Minister Sentenced to Prison.

Bentonsville, Ark., Sept. 22.—Rev. W. E. Pippin, a Baptist minister, after pleading guilty here to passing a worthless check on a member of his congregation, was sentenced to three years in the state penitentiary by Judge Maples.

VOLUME 4. MARYVILLE, MISSOURI, WEDNESDAY, OCT. 22, 1913. NO. 121.

A LARGE AUDIENCE

FIRST NUMBER OF COURSE WAS WELL ATTENDED.

A MESSAGE OF LOVE

Chancellor Bradford's Lecture Fine—Next Number of Course Will Be Maud Powell.

It was a magnificent representative audience of Maryville and surrounding country that greeted Chancellor George H. Bradford of the Oklahoma university Tuesday night at the First M. E. church, the opening number of the lecture course of the Maryville Lyceum association. It was a decided expression of the people for good entertainment for the young people of our city and all others who wish to avail themselves of the course. The church auditorium was filled and a greater part of the seats in the gallery were occupied.

As Maryville's love for good music is well known, it is predicted that when Maud Powell, the greatest woman violinist in the world, appears here on the 5th of November, there will not be room enough in the church for the people who will come to hear her.

Dean Colbert and President Ira Richardson of the State Normal gave words of greeting and expression of much satisfaction to the people for their response in assisting in forming the association, for, as they said, everyone in the house had bought his ticket and was just as much a member of the association as was the president of it, the officers and committees, for no ticket was given away for any reason. Whatever money remains over and above expenses at the end of the course, President Richardson said, would be used toward the next year's course.

The speaker of the evening was introduced by Rev. Gilbert S. Cox of the First M. E. church, who said and looked his pride and happiness in being permitted to introduce his friend, former pastor and teacher, to the Maryville people in his lecture, "Sun-crowned Manhood." And when the big, tall, fine looking, ruddy faced man arose to speak, it would have been a greatly disappointed people if he had not made good in the lecture that followed. In a voice that matched up with his body for size, glad, earnest, rich toned like the spirit of the man who possessed it, for you know he has it from the look in his eyes, he went right to work with his message of love and good cheer for all who have a desire to know something, to be something and to do something in the world.

He gave splendid proofs that all that is needed for any boy or girl, man or woman, to secure an education to fit themselves properly for any field of work is the desire for it. With the desire, if it is strong enough to lead them into right channels for an education, no matter how poor they may be, the way will be opened for its attainment. But it will mean work and the exercise of every physical and mental power while they are at it. He gave instances of his own personal knowledge of the struggle of young men for learning that was certainly inspiring, and when it was known that he left his father's home with $8.25 and went to the city of Denver, Col., where he decided to enter the university, with nothing about him to indicate he would be worth a student's career, he presented himself to the president of the institution and said he was "going through." And he did. He halted at no task. Shoveling ashes out of dark basements at 4 o'clock in the morning; driving cabs for millionaires out of school hours, any kind of job that would help along with his expenses. He had no time for loafing and no time for anyone whose company would do him no good.

Cancellor Bradford sees in the college and university education of the young people of our country, in connection with the influence of Christian homes and churches, the solving of every problem that may come before us. He puts up the ten years of present day college life in America against the ten years of apprenticeship to some trade of the European, for the training the American young man receives will fit him for ten means of livelihood and service in the world where the European's apprenticeship fits him for but one thing. To be an American is to be a Christian in the highest sense, and he proved it in his reference to William McKinley's death, whom he regards as the highest type of American citizenship.

There are too many good things that could be said in mentioning Dr. Bradford's lecture to attempt it here. Suffice it to say his lecture was as good as a two-mile walk on a bright frosty morning, invigorating and bracing, and putting new life and desires into all who heard him.

BANQUET TOMORROW NIGHT.

The Commercial Club Will Give One For the New Members at the Ream Hotel.

The following is the menu for the banquet: Fresh oyster soup, celery, sweet pickles, olives, fresh boiled ham, baked chicken with cranberry sauce, French fried potatoes, creamed peas, fruit salad, ice cream, assorted desert cake, oranges, grapes, bananas, coffee, cigars.

Music will be furnished during the dinner by Maulding's orchestra.

TOPS MARKET WITH STEERS.

R. M. New of Nodaway County Realizes $8.50 for 1,297-Pound Beeves.

The following is from the St. Joseph Live Stock Journal:

Highest selling cattle placed on the local market today comprised a load of steers fed and shipped by R. M. New, a successful young farmer and feeder of Nodaway county, Missouri. The shipment comprised 19 head of 1,297-pound beeves that sold at $8.50 and one yearling steer, weighing 840 pounds, that brought $8.75. The $8.50 lot were purchased as feeders at the St. Joseph yards early last June and were placed on feed shortly afterward. Fed corn on the grass they made a gain of 300 pounds per head, while in Mr. New's possession. The owner expressed himself well pleased with the sale of his cattle, which will show him a fair profit for handling.

Mr. New says that corn in his neighborhood promises to yield about half a crop this year. Pastures, he says, were never in better condition at this season of the year than at the present time.

OLD LAND GRANT

RECORDER WRAY GETS INTERESTING PAPER TO BE RECORDED.

WAS DATED IN 1857

Forty Acres Sold for $1.25 Per Acre—Signed by H. Jackson, a Governor of the State.

Recorder J. Arthur Wray received Wednesday an interesting paper to be recorded. It was the certificate of the patent grant to Andrew T. Jenkins to forty acres of land, located southwest of Ravenwood. The grant to the land was under date of May 12, 1857, and the land office was in Savannah at that time.

This patent grant has never been recorded before in this county, and the matter was taken up with Cornelius Roach, secretary of state at Jefferson City. He sent the copy of the certificate to Mr. Wray so as to be placed on file in the recorder's office. The signatures of H. Jackson as governor of the state and B. F. Massey as secretary of state were on the certificate.

The forty acres sold for $1.25 an acre for the entire tract. The certificate says that "the tract being part of the lands selected under an act of congress entitled "An act to appropriate the proceeds of the sales of the public lands and to grant pre-emption rights."

The tract of land at the present time belongs to Mrs. Charles T. Bell of this city

CASE ON TRIAL TODAY.

Hutchinson vs. Long Suit to Review Judgment Up Before Jury in Circuit Court.

A session of circuit court was held today and the case of Benjamin Hutchinson vs. Ada Stockton, nee Long, to review judgment, was being tried before a jury composed of Fred Rogers, J. M. Swinford, A. M. Hopple, Tom Stinson, J. H. Tarpley, G. B. Holmes, Ed Wolfert, Theodore Miller, H. J. Kelley, T. L. Wadley, Omar Catterson and Mose Nusbaum.

This is a case in which Ada Long, now Mrs. Ada Stockton of West Plains, Mo., was given a judgment against Hutchinson for $2,000 three or four years ago for seduction under promise of marriage. Hutchinson is now trying to get the judgment set aside. Neither of the parties in the suit were in attendance, but each of them has prepared a deposition which was offered as evidence.

Left for Idaho.

Willie Wallace, who has been attending the Maryville high school, left Wednesday to join his parents, Dr. and Mrs. W. E. Wallace, at Twin Falls, Idaho. He came here at the beginning of the school year, expecting to be followed shortly by his parents, who left Burlington Junction two years ago and went to Twin Falls. Dr. Wallace has bought out another practice and drug business at Twin Falls and has concluded to remain there. "Billy" had made a good many friends here while attending school and all regretted his return to the west.

The Anthony Funeral Services.

Funeral services for the late Mrs. Charles Anthony, who passed away Tuesday morning, will be held Thursday afternoon at the family home, 203 West Twelfth street, on North Buchanan. Rev. J. D. Randolph of the Buchanan Street Methodist church will be in charge. Burial in Oak Hill cemetery.

Miss Anthony Will Lecture.

Miss Hettie Anthony went to Trenton Wednesday morning, where she will give a series of three lectures on domestic science subjects before the teachers' meeting there.

Left for Princeton, Ill.

Mr. and Mrs. C. D. Hooker left Wednesday afternoon for a week's visit in Princeton, Ill.

Miss Lou Garrett and Miss Maud McCluskey left Wednesday morning for a week's visit in St. Joseph and Kansas City.

Col. Charles Talbott of Graham was a city visitor Wednesday. Mr. Talbott was a witness in a case in circuit court.

W. A. Townsend, janitor at the court house, who has bee nsick for two weeks, was uptown Wednesday for the first time.

Edward Gingskey of St. Joseph came Tuesday night to attend the funeral services of Mrs. W. C. Baker

BEST TARIFF LAW

YET ENACTED WAS BY PRESENT SESSION OF CONGRESS.

MUCH ACCOMPLISHED

W. C. Van Cleve Home From Washington—Tells of Present Session—Currency Bill Being Considered.

W. C. Van Cleve, one of the editors of The Democrat-Forum, returned Wednesday morning from Washington, D. C., where he has been during the special session of congress as an assistant bill clerk. Mr. Van Cleve, in speaking of the work of the present congress, says:

"The present session of congress has been one of the most effective the country has ever had. It has undertaken the great work of carrying out the pledges of the Democratic party with a zeal heretofore unknown. Both senateand house have labored hard and in perfect harmony with the administration and one result is found in the fairest and best balanced tariff law yet enacted. Of course, there may be some slight defects which will develop in its practical application that will be remedied in the coming session. In all essentials, however, it is a great bill. It destroys nothing but injustice and wrong and the business of the country should go ahead and enjoy an era of unprecedented prosperity.

"The income tax feature of the new law will grow in popularity after the country becomes accustomed to it, and has come to stay. It involves the fairest principle of taxation. Under it men are taxed upon the incomes they have, after allowing a reasonable exemption for living expenses, instead of being taxed upon the things they need and must buy. The system has been in successful operation for many years in many of the older countries. The tax is so graded that those with swollen and unnatural incomes will help bear the burdens of government in proportion to the benefits derived.

"One pleasant feature of the summer's work has been the perfect harmony and unity of purpose with which congress and the president have worked. The readiness with which the tariff bill and other legislation passed the house was due to the magnificent support given the administration by Speaker Clark and Majority Leader Underwood, and in this support they were heartily joined by the whole Missouri delegation. The success of the bill in the senate, where the majority was very small, was due in no small measure to Senators Stone and Reed, both of whom took an important part and both of whom are rated among the ablest and most influential members of that body.

"The currency bill, which is intended to effect a beneficent revision of the currency and banking systems of the country's finances from the gambling an trust-ridden centers and place them under honest domination, and to provide an elastic currency in times of stringency, has also passed the house and is now under consideration in the senate. It will likely be reported from the senate committee on banking and currency during November, with some amendments which are meant to strengthen and perfect the bill.

"There has been some impatience manifested because the bill was not immediately reported to the senate, but it has been the custom of the senate, as a court of last resort in the making of legislation, to carefully consider, digest and scrutinize measures sent to it from the house. They had the tariff before them for a period of four months after the house had worked on it through two years, and the finished product is a distinct improvement over the house bill. The president is anxious to have the bill taken up, among which is trust legislation, but he is also willing and anxious to have it improved if possible. Senator Reed, who occupies an important place on the senate banking and currency committee, is in entire sympathy with the purposes of the bill, but believes it beneficial to get an extensive expression from the country, and wherever suggestions may seem practical and helpful to so amend the bill. To this end hearings have been held. These will close in a few days when the committee will offer such amendments as it thinks will strengthen and improve the bill, and it will be then reported to the senate for final consideration. This will require a few weeks, after which it will pass the senate and ultimately become a law. In a multitude of counsel working honestly toward a given end, there is much wisdom and all are confident that the results in this case will be in the end generally satisfactory and helpful to the country.

"Congress has in this special session laid the foundation for a great work and shown the country that it can do business in a business-like way, and that it is united in the one purpose of redeeming the pledges made by the majority to the people."

TO HAVE CLOSING OUT SALE.

W. O. Garrett to Sell His Live Stock, Farming Implements, Etc.—Will Continue to Reside Here.

W. O. Garrett will have a closing out sale on Wednesday, October 29, at his farm, north of Maryville. He will sell eight head of horses, twelve head of cattle, forty head of hogs, hay and grain and farming implements. R. P. Hosmer is the auctioneer and S. H. Kemp the clerk.

Mr. Garrett and his family are intending to spend the winter in California, but they will return to Maryville in the spring, when Mr. Garrett will engage his whole time in raising pure-bred Poland-China hogs, and also the chicken business.

BADLY BURNED FROM EXPLOSION

Mrs. Bert Jenkins, living one mile south of Braddyville, Ia., was probably fatally burned Wednesday forenoon while starting a fire in a coal stove. Mrs. Jenkins poured coal oil over the coal, and when a match was touched an explosion followed, setting fire to the interior of the house. Mrs. Jenkins' clothing caught fire and she ran out into the yard screaming for help. Neighbors heard her screams and ran to her assistance. Her clothing was nearly burned from her body before help came. She was taken to the home of Lewis Jenkins, who lives nearby. The physicians summoned give very little hope to the family for her recovery. Mrs. Jenkins is about 25 years old and has three little children. Her husband was working in a field some distance from the house and did not hear her call for help.

Fire started in the house by the explosion, but was put out by the neighbors before any serious damage was done.

WORK FINISHED TODAY.

On the New Filter House, New Addition to Pump House and New Roof on Pump House.

E. Y. Davis & Son of Albany, who had the contract for the new filter house, and also building an addition to the pump house and putting on a new roof on the pump house at the city water plant, completed their work Wednesday.

Maryville Woman Robbed.

While shopping in a 10-cent store, Mrs. W. C. Pearson of Maryville, Mo., had a handbag containing about $20 stolen from her, according to a report to the police yesterday. A gold watch also was unhooked from her belt. Mrs. Pearson did not notice the loss until after she left the store—St. Joseph Gazette.

MANY GIVE HELP

RODERICKS GOT MANY THINGS FOR THEIR NEEDS.

ARE WORTHY PEOPLE

Have Farm in Kansas, But Were Completely Wiped Out From Drouth and Hard Winter.

Maryville's heart is in the right place. The response to the call for help for the family of Lewis Roderick, who are staying in the shack in the Harrison pasture, east of the Burlington depot, was gratifying to the men and women who discovered their needs a few days ago.

They had such a good supper Tuesday night that the youngest boy, Bennie, was slightly ill Wednesday morning. He had to be cautioned constantly by his mother in regard to eating, but he managed to eat one more apple than he should have eaten—but he will be careful hereafter.

Amy Roderick, the daughter, came uptown Wednesday morning to tell her friends, the Nashes, that six men came down to see her father Tuesday night and that they were going to have a house with a floor in it in which to live. She spoke of what a beautiful morning it was—she was so happy she thought the sun was shining, and no one told her different. She laughed when she said "the boys were so full of mischief last night I could not get them to study their lessons."

That was the first anyone knew this 14-year-old girl was keeping her three brothers up in their lessons, beside trying to take the place of an almost blind mother in looking after them. She was very proud of them Wednesday morning when she saw how well they looked in the clothing that has been given them. Cecil, who is 12, needs a pair of shoes, but he and the next boy, David, are pretty well supplied with clothing. Bennie, the youngest, is yet to be fitted out.

No one need fear they are helping unworthy people. Mr. Roderick has 320 acres of land near Gove City, Kan., that he has proved up on. Seven years of extremely hard work and two or three years of drouth have made him give up the thought of staying there, and if the coming season is good he will sell the land and remain in this country. Last winter he lost eighteen cows in a blizzard. He had driven them down to a stream for water one day when a blizzard came on suddenly and he could not get the cows to face the storm back to the barn. They were buried for weeks in twelve feet of snow. Early the past summer when a contagious disease among horses broke out in Kansas and some places in Missouri, Mr. Roderick lost fourteen head.

But for all the hardships they have had the Rodericks saw people who were worse off than themselves. They stayed on the farm as long as they could, always hoping for rain. Many gave up sooner and Mr. Roderick gave away all the wheels from every vehicle he had, excepting one wagon, to people who had lost their horses and had made push carts in which to put a few belongings and then walked out of the country to relatives or friends.

When the Rodericks left the country they passed many fine country residences that were deserted, their owners having gone to some other place until the drouth should be over.

A suitable house has been secured and it is thought that by evening they will be able to move in. Those who wish to give them anything will please take it to Dr. Nash's residence.

The needs now are a cook stove, washtub, carpets, bed springs, sheets, towels, a few more chairs and dishes.

Mrs. Roderick's wants have been looked after and Mr. Roderick will be well supplied with clothing. The mother is almost blind and her hearing badly affected from exposure. The little girl is doing her part so well in the family that the father says he could not near do without her.

The things that are being brought in to the Nash home will be used in other needy places, when the Rodericks are fitted out.

It has been suggested that apples and potatoes could be brought in by the country people, if only a half dozen from a family, and the aggregated amount would keep this family during the winter.

YOUR CHILDREN'S EYES.

Do Not Neglest Them—It is Very Important.

A little boy once said to his schoolmates, "I don't make any more mistakes in my music." This little boy had such poor eyesight that he could not read letters three and one-half inches square more than six feet away from him, and yet he had been repeatedly punished by his violin teacher for making mistakes while taking his lessons. Just think of it; punished for making mistakes when he could not see his notes plainly!

How did he find out that his eyes were weak? His school teacher had been making tests of the sight of her pupils and had discovered that this boy could not see well. She reported the fact to his parents, who got glasses that made him the happiest boy in the school, saved him many undeserved punishments and caused him to say, "I don't make any more mistakes in my music."

This boy did not know, nor did his parents know, but that he saw as well as every other boy, and his mistakes were thought to be from carelessness and inattention.

This same boy afterward became a noted violinist, was educated abroad and played before royalty. His glasses enabled him to see his notes plainly and he made no more mistakes in his reading music.

There have been thousands of just such boys and girls in our public schools in the past, who have been stumbling along, hating their lessons, scolded and punished by their teachers and parents, just because they had a defect of vision of which they and their parents and teacher were ignorant.

Parents, do you know that your children have good eyesight? Do you know that they are not "long-sighted," "near-sighted," or color blind? Do they often complain of being tired, or of having a headache when they return home from school? Do they dislike school? Are they sleepy and dull when trying to learn their home tasks? It is hard for them to keep up with their class? Are they inclined to "play hookey?" Then do not punish and scold them, until you first find out if there is not some physical cause behind it all, so that you may not regret later and blame yourself for neglect or injustice to one of your own.

Ignorance of the law is no excuse to the lawbreaker in court. Ignorance is no excuse for neglect of your children. Fifty per cent of the blindness caused by separation of the retina (the sight membrane within the eye) occurs in people who are near-sighted. Many of the headaches of children and others are the result of eye-strain caused by the attempt of the delicate eye muscles to overcome the defect. This overtaxing of them strains the eye muscles, then the letters blur or run together, the child feels tired and the eyes pain or headache follows.

Do not neglest your children's eyes!

Good Roads Prevent Disease.

Few persons, on first thought would see any possible connection between good roads and good health. Yet the state board of health of Kansas says that good roads can and will prevent disease. How? By the removal of weeds and trash. Weeds and trash prevent the prompt evaporation of moisture and promote retention of ground water. This makes ideal breeding spots for mosquitoes, flies and other insects, which are known as disease carriers, not to mention chinch bugs, hoppers and other insects which are crop damagers. Furthermore, an undergrowth of weeds invites the dumping of garbage and manure by offering concealment, of which fact careless and thoughtless people are prone to take advantage, thus increasing the facility of insect breeding and providing these insect carriers with proper material for disease transmission. Good roads also prevent disease by providing good drainage. Many farms have no means of drainage except by ditches along roadsways. Open ditches, clear of brush and debris, with hardened surface and proper fall, afford these farms the opportunity of ridding themselves of many a stagnant pool. The removal of weeds, proper road grading, surface hardening and oiling, insures prompt drainage of all pool, ditch and surface water, removing the possibility of insect breeders, for none can multiply without moisture. Road oiling in itself is destructive of insect larvae, especially mosquitoes—a well known fact. Dry roads offer pedestrians, and notably children who are compelled to walk to and from school, dry shoes and feet. While colds are due to specific germs, yet it is a well known fact that cold, wet feet and chilled limbs lower the resistance of individuals and make them more favorable subjects for infections of the respiratory passages, including pneumonia and tuberculosis. Good roads prevent disease by setting an example to adjoining farm premises. Good roads promote travel and set an example to the farmer whose premises are bordered by them. The comparison of a well graded, clean highway with an unkempt and trashy barnyard adjoining is sufficient to stimulate every land owner to a clean-up. Pride compels him to offer to passersby a neat appearing and attractive house and barn yard. Results are only too obvious. Good roads are active disease prevention agencies, aside from their financial and commercial value.

His Treasures.

"Young man," said the fond father, "in giving you my daughter I have intrusted you with the dearest treasure of my life."

The young man was duly impressed. Then, during the few moments of impressive silence that followed, he heard the patter of rain against the window pane.

"Gracious me!" he exclaimed. "It's raining and I haven't my umbrella. May I borrow yours to get to the station?"

"Young man," said the fond parent, "I wouldn't trust anybody on earth with my umbrella."—New York Globe.

ANAEMIC SINCE CHILDHOOD.

How Miss Holmes Regained Her Health.

If you are anaemic, you need more iron in your blood, and the tell-tale symptoms are a pale face—colorless lips, ashen finger nails, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.

What Vinol did for Miss Yvonne Holmes of Fall River, Mass., it will do for every anaemic run-down person. She says: "I have been weak and anaemic since childhood, always had 'that tired feeling.' Tonic after tonic was tried with little or no result until Vinol was recommended, and after taking three bottles, my appetite and digestion have been improved. I do not suffer any more from insomnia, nor do I have distressing headaches as formerly, and I am stronger than I have been for years."

We ask every anaemic or run-down, weak person in this vicinity to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim. The Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

News of Society and Womens' Clubs

Kid Party is for the Girls.

The kid party at the State Normal Friday evening is for the girls of the Y. W. C. A. only. This announcement is made because the announcement in Tuesday's paper was rather misleading, as it said all were invited to come dressed as children. The party is being given by the losing side in the recent membership contest in the Y. W., which was divided into two sections, the Reds and the Blues, for the contest. The Blues won and are to be entertained by the Reds in the manner already announced.

Chancellor Bradford Their Guest.

Chancellor George H. Bradford of the Oklahoma Methodist university was an all-day guest Tuesday at the country home of Mr. and Mrs. J. V. Embree, two miles southwest of Maryville. The company at dinner included Chancellor Bradford, Rev. and Mrs. Gilbert S. Cox, Miss Jane Barrows, and the visitors at the Embree home, Mr. and Mrs. D. E.Mills of Chicago and Miss Elizabeth McGrew of Washington, Pa. After dinner the men of the party, under the guidance of Brint Embree, spent the afternoon hunting in the woods. A fine duck supper was enjoyed at 6 o'clock, especially by Dr. Bradford, who is an experienced huntsman.

Dutch Whist for Maryville Girl.

A society note in last Friday's issue of the Journal of Hayward, Cal., gives account of an elaborate Dutch whist party given by Mrs. J. D. Armstrong in honor of Miss Lavera Condon of Maryville, who is spoken of as "an eastern girl who has been visiting in California the past year, has made a legion of friends during her stay here, and has been entertained extensively by friends in the bay cities. A dainty spread followed the games in a color scheme of Dutch blue." The notice further said that Miss Condon left that day for Los Angeles, where she is now visiting her brother, Tom Condon, and his wife, in company with Mrs. John W. Thompson of Phoenix, Ariz. Miss Condon went to California a year ago last October to visit her grandparents, Mr. and Mrs. George B. Vaughn, and other relatives. She is expected to arrive in Maryville in about two weeks.

Tourists Met Tuesday.

Mrs. S. G. Gillam entertained the Tourist department of the Twentieth Century club Tuesday afternoon. Miss Jessie Parcher lead the text book study of Modern Germany, fifty-third to sixty-third chapters inclusive, Mrs. Charles Bellows, Mrs. G. B. Roseberry and Miss Helen Leffler giving the readings. On the unification of Germany the house of Hohenzollern was given by Mrs. J. A. Ford; Bismarck's Character and Work by Mrs. Ferdinand Townsend, and Kulturkamjf by Mrs. J. A. Lesh. Social circles in Germany was spoken of by Mrs. J. D. Richey. Present day German news was discussed and was quite interesting, owing to the 100th anniversary of the close of German wars that gave Germany independence that is now being celebrated in that country, besides the several things now going on in court life. Mrs. Will Wallis gave a word drill and Mrs. Townsend sang "The Watch on the Rhine." A vote of thanks was tendered by the department to Miss Jessie Parcher for securing Mrs. Ess of Kansas City for her lecture here. Two new members were added, Mrs. Arthur A. Brewer and Mrs. George R. Eaton of South Buchanan street. The visitors were Miss Cecile Benight, Mrs. George Bellows and Mrs. George R. Eaton.

Reorganizing of Social Neighbors.

The Social Neighbors club met at the home of Mr. and Mrs. Lester Ringold, Friday, October 17, to reorganize the club, which had given the members so much pleasure during the past year. A business meeting was held and new officers were elected to serve for the coming year. Those who were elected were Mrs. Ira Ringold, prsident; Mrs. Frank Buzzard, vice president; Miss Myrtle Ingels, secretary; Mrs. Lester Ringold, treasurer. A musical program was given throughout the entire evening. Both instrumental and vocal music was rendered at the organ by Mrs. Lester Ringold and Myrtle Ingels. Also pieces on the violin and harp, the violinists being Messrs. Lester Ringold, Frank Buzzard. Mr. Gaylord Reynolds and Frank Davis furnished the music on the harp. Those present were Mr. and Mrs. Ira Ringold, Mr. and Mrs. Everett Ulmer and daughter, Mr. and Mrs. Frank Buzzard, Mr. and Mrs. Sam Ingles, Mr. and Mrs. Asa Ringold and children, Mr. and Mrs. Gaylord Reynolds and sons, Mrs. James Neal, Misses Chloe Ringold and Myrtle Ingels, Messrs. Billie Ingels, Roy Ringold, Frank Davis, Galen and Cleo Ulmer, Oland Ringold, the host and hostess. An oyster supper was served by the hostess, which was enjoyed by all. As the hour was growing late the crowd departed for their homes, with the expectation of meeting with Mr. and Mrs. Reynolds for the next meeting, November 14.

IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If Tongue is Coated, Cleanse Little Bowels With "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half sick, feverish, don't eat, sleep or act naturally, breath of bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup company." Refuse any other kind with contempt.—Advertisement.

HUERTA OFFERS TO DISCOUNT DUTIES

Dictator, However, Raises Tariff Fifty Per Cent.

UNITED STATES IS ACTIVE.

Steps Taken to Insure Safety of Germans in Torreon—Mexican Maidens Save Lives of Americans Lined Up Against Building for Execution.

Washington, Oct. 22.—In connection with the 50 per cent increase of the customs duties on imports into Mexico, General Huerta, seeking to obtain ready money, has offered to allow importers a 10 per cent discount on certificates good in payment of such dues if they are issued between Oct. 28 and Nov. 6.

Without waiting for the German government to ask about its forty-three subjects said to be forcibly detained in Torreon by the constitutionalist general, Villa, the United States, through Charge O'Shaughnessy in Mexico City, has made representations to the Huerta government supplementing those made by Emperor William's representative, who demanded protection for the prisoners.

Consular Agent Carothos at Torreon was likewise instructed to treat with Villa in behalf of the German, British, French and Spanish subjects detained after a caravan of some 300 Americans departed overland for Monterey. It is reported that General Villa has been holding these foreigners in the city to prevent federal attack. Officials here said probably that not more than half a dozen Americans remain in the beleaguered city.

STORY OF DURANGO REFUGEE

Mexican Maidens Save Lives of Americans About to Be Shot.

San Diego, Cal., Oct. 22.—Tales of alleged outrages in the state and city of Durango, Mex., were related at the Red Cross headquarters by refugees who arrived on the transport Buford from Gulf of California ports.

"One of the worst outrages discussed on board the Buford," said Mrs. Mary Towelston of Durango, en route to Carrizozo, N. M., "was that inflicted on a young American and his wife at Durango. The revolutionists of General Carranza seized the couple in their home. They roped the husband fast and tied his wife to her bed, where they finally killed her.

"Twenty-seven Americans were lined up against a building in Durango to be shot by the rebels, but just as the first man was to be executed a Mexican maid rushed in front of him and pleaded for his life. Other Mexican girls joined in the plea for mercy and the Americans were spared.

"While there has been some restraint in the tendency to rob and murder, so far as Americans are concerned, no mercy is shown rich Mexicans."

CONGREGATIONALISTS MEET

National Council Will Take Advanced Stand on Liquor Issue.

Kansas City, Oct. 22.—One of the important reports to be presented to the national council of Congregational churches, which began its triennial convention here today, is that of the committee on temperance, appointed three years ago to draw up a statement of the church's attitude on the liquor question. Members of the committee, while refusing to give out the report, declared it contained a number of drastic suggestions that placed the church at the head of a national movement to eliminate the liquor traffic.

Sulzer Departs in Silence.

Albany, N. Y., Oct. 22.—William Sulzer departed from Albany in silence. Not a friend outside of his official family accompanied him to the railroad station. Not a cheer greeted him as, with his hat drawn over his eyes and his chin buried in his overcoat collar, he walked slowly down the platform and boarded his car. Half a dozen of his advisers will follow him to New York today, to aid him in starting his fight for the assembly.

Bars Pictures in Trainmen's Watches.

Chicago, Oct. 22.—No longer can the engineers, conductors, brakemen and other employees in the operating department of the Illinois Central railway carry pictures of their wives, sweethearts and babies on their watch crystals. An order against the practice was issued by the management, which decided that such pictures are likely to detract the attention of employees from their work and that accidents might result.

Buggy Hit by Train, Four Killed.

TELLS OF "OTHER MAN" IN EATON CASE

Witness Says Alleged Lover Wanted Wife to Leave Admiral.

Plymouth, Mass., Oct. 22.—A reference to a "wealthy lover in Chicago," who wanted Mrs. Jennie May Eaton to leave her husband, was introduced by the prosecution as showing a possible motive in the trial of Mrs. Eaton, charged with the murder of her husband, Rear Admiral Joseph G. Eaton.

The evidence was given in the testimony of Mrs. Marshall Bursey of Washington, D. C., who said that eight months before the death of the admiral, Mrs. Eaton told her of the Chicago man and his proposal.

According to Mrs. Bursey, Mrs. Eaton did not disclose to her the name of the alleged lover, but said that he owned much property and had promised to leave it all to her.

Mrs. Eaton told the witness that Admiral Eaton had attacked her several times at night and at one time she awoke to find him injecting medicine into her arm.

WOMAN IN BEILIS CASE

Vera Tcheberiak Not Worried by Testimony Implicating Her.

Kiev, Oct. 22.—Vera Tcheberiak continues to be the most prominent figure in the trial of Mendel Beilis for the murder of Andrew Yushinsky, the Christian boy who was found killed in a cave in March, 1910. The woman sits with a sphynx-like expression in front of the witness stand and is never at a loss for an answer when confronted with those giving testimony which implicates her.

When Arnold Margolin, one of the prisoner's lawyers, was called Vera looked him up and down and declared she could not identify him.

Margolin testified that Vera when she was asked how she had explained the systematic character of the numerous wounds on young Yushinsky's body, answered that Prdhiko had studied medicine.

GERMS FOUND IN NOTE

Blackmailer Writes Letter to Woman Exposing Her to Malady.

Chicago, Oct. 22.—Chemists employed by the postal authorities discovered colonies of germs in a letter sent to extort money from Mrs. Frederick Steele, a wealthy suburban resident. The letter warned Mrs. Steele that it contained 2,000,000 malignant bacilli, with which she was infected by opening it and demanded a sum of money in return for supply of the only serum that could cure her. Indications of the presence of a germ culture were found by the government chemists, who, however, were unable to state the nature of the disease they might convey.

Six Killed as Result of Explosion.

New York, Oct. 22.—Six men were instantly killed, four others probably fatally injured and Manhattan left in darkness and without trolley service as the result of a double boiler explosion at the plant of the Richmond Light and Power company at Livingston, L. I.

Wife of Manuel Leaves Hospital.

Munich, Oct. 22.—Princess Augustine Victoria of Hohenzollern, wife of former King Manuel of Portugal, left the hospital, where she had been under treatment for several weeks, and departed with her husband for Sigmaringen.

Mitchel Asked to Tell Grand Jury.

New York, Oct. 22.—The grand jury drafted a letter requesting John Purroy Mitchel fusion candidate for mayor, to appear before the body and tell what he knows about the alleged colonization of voters by Tammany leaders.

Appeal Case to Circuit Court.

The case of A. C. Snyder vs. W. A. Burris has been appealed from the justice court at Graham to circuit court. The case is over an account of $100.96, and in the justice court judgment was given to the plaintiff for that amount, the defendant failing to appear. The appeal was taken by the defendant.

HYOMEI SOOTHES, PURIFIES, HEALS CATARRH ILLS

When you have that choked and stuffed up feeling in the morning, crusts in the nose, raising of mucus, droppings in the throat and offensive breath, you are affected with catarrh. Immediate steps should be taken to stop the disease or it will become chronic and serious.

By all means use Hyomei. Money refunded by the Orear-Henry Drug company if not satisfied. It is a medicated air treatment that does not drug and derange the stomach, but is breathed in through the Hyomei inhaler that comes with every $1.00 outfit. It effectively destroys the catarrh germs and quickly soothes and heals the irritated mucous membrane of the nose and throat.

Get a complete outfit now and be cured of catarrh.

SHOULD RESIGN OR GO TO WORK

Absent Members Scored by Both Sides in Senate.

RECENT PROCEEDINGS A FARCE

Seventeen Democrats Absent to Thirty-one in Washington and Nineteen Republicans in Capital to Twenty-eight Away.

Washington, Oct. 22.—Demands that senators either "resign or go to work," that absent members be brought back to Washington by the use of "any force that may be necessary," and that "the miserable pretense" of trying to do business without a quorum be ended, marked the session of the senate.

Leaders of both sides joined in the demand that "farce" of recent senate proceedings be ended. Senator LaFollette, leading the fight for the enactment of the seaman's bill, began the attack on senate absentees, but it was taken up and vigorously indorsed by Senator Kern, Democratic leader, and by Senators Borah, Cummins, Republicans, and others.

Senator Cummins said the body had allowed itself to get into a "humiliating position," and Senator Borah added that members should be kept in Washington and compelled to take up important subjects put off.

"I am in favor of the exercise of all the powers at our command to bring a quorum here," declared Senator Kern, the Democratic leader. "It will be very unfortunate for us to surrender to the absentees and give up work. It would be a confession to the world that the senate was unable to carry on the business entrusted to it."

His figures showed thirty-one Democrats in Washington and seventeen absent and nineteen Republicans in Washington and twenty-eight absent.

A double roll call brought in only forty-five senators, and sergeants-at-arms began to scour Washington for absentees. Later all absent senators were telegraphed to return to Washington.

COLOR LINE IS DISCUSSED

Negro Question Comes Up in Episcopal Convention.

New York, Oct. 22.—A heated debate over the negro question in the south enlivened the deliberations of the house of deputies of the Protestant Episcopal church.

A majority report by the committee on racial episcopate, with recommendations against the proposal to establish separate churches, dioceses, clergy and bishops for southern negroes was presented. A minority report, advocating the separation of the races and the appointment of negro bishops to sit in the house of bishops, with powers equal to the whites, also was presented.

Amid a storm of discussion the house finally made consideration of both reports the order of business for the afternoon session, limiting debate on each side to half an hour.

Settlers Unable to Pay for Lands.

Washington, Oct. 22.—Hundreds of settlers on the Cheyenne and Standing Rock Indian reservations in South Dakota petitioned congress, through Senator Sterling, for relief from further payments on their lands. Four years of drought and poor crops, they said, had put them on the verge of ruin, and that they would be compelled to leave their lands and lose their homestead rights unless relieved. The case will be taken up by the public lands committee.

Raise in Rates Held Reasonable.

Washington, Oct. 22.—Proposed advances in freight rates on various commodities between cities in the Missouri river territory were held by the interstate commerce commission to be not unreasonable. Complaints of the proposed increases had been made by business interests of Kansas City, Omaha, St. Joseph and Sioux City, and they were suspended pending investigation.

Chicago Painters Return to Work.

Chicago, Oct. 22.—Four thousand union painters, who have been on a strike for two months, returned to work. The union will pay a fine of $2,000, under protest, to the building trades council and take an appeal to the American Federation of Labor. The strike was the result of a dispute between the painters' district council, No. 14, and the building trades council.

Affirms Sentence of Cummings.

Albany, N. Y., Oct. 22.—The state court of appeals unanimously affirmed the conviction of William J. Cummings, a formal official of the Carnegie Trust company of New York. Cummings was sentenced to serve a term of not more than eight years and eight months for grand larceny in the first degree for having diverted the proceeds of checks for $140,000.

Sulzer Will Speak at Kansas City.

Kansas City, Oct. 22.—William Sulzer has accepted an invitation to speak in Kansas City. In a message from him received here by J. L. Woods Merrill, Mr. Sulzer says: "Will speak in Convention hall on my impeachment and expose corruption and graft in state of New York."

MRS. PANKHURST DEFENDS MILITANCY

Speaks at Mass Meeting in Madison Square Garden.

New York, Oct. 22.—Mrs. Emmeline Pankhurst, addressing in Madison Square Garden her first American meeting, explained why militant methods for the cause of woman suffrage are followed in England, but not in America, and defended the employment of such methods. She criticised the British government as the most conservative on earth and held it responsible, through failure to enact legislation desired by women, for advocates of suffrage resorting to violence to obtain the ballot.

Only through dynamite means, she declared, could Englishwomen hope to secure laws dealing with white slavery, industrial evils and other conditions affecting women.

The big hall, with a seating capacity of 12,000, was scarcely one-quarter filled.

TOM WATSON IS FREED

Indictment Against Atlanta Editor Quashed by Court.

Augusta, Ga., Oct. 22.—The trial here of Thomas E. Watson, charged with sending obscene matter through the mails, ended abruptly when Federal Judge Rufus E. Foster sustained the motion of the defense quashing the indictment against the Georgia editor.

In directing that the indictment be quashed, Judge Foster said:

"It appears in this indictment that the publications alleged to have been sent through the mails in violation of the law are extracts from a complete article. It is my opinion that the government is required to plead the entire article and is not entitled to pick out a few paragraphs here and there and make them the basis of an indictment."
